- Patients must arrive 15 minutes before their scheduled appointment time and provide their insurance card, photo ID and insurance copay if applicable at check-in. We have a contractual obligation to your insurance company to collect copays at time of service. Copays not paid at time of service will be assessed a $15.00 fee.
- A no show or late cancellation fee of $50 will be charged to patients who do not provide 24 hour notification to cancel an appointment or for patients who miss their appointment. After 3 no shows or late cancelled appointments you may be discharged from the practice.
- If you arrive 15 or more minutes late to your appointment you may be asked to reschedule.
- **If your child is being seen for a Well Child Check and you have other concerns that are not related to routine, wellness care, those concerns may generate other charges to your insurance.**
- Any outstanding balances due to deductibles, co-payments, and services not covered by your insurance are your responsibility. All balances must be paid promptly. If you are unable to pay the balance in full please contact our billing department to make payment arrangements. Non-payment of charges will result in the account being turned over to a collections agency and your family will be discharged from the practice.
- Our phones are open 8:00am-6:00pm Monday-Friday, and 9:30am-12:00pm on Saturdays. After hours, we offer a telephone triage consultation service that puts you in touch with a pediatric-trained triage nurse at Seattle Children's Hospital. Your insurance will not be billed for this fee and it will be your responsibility.

Notice of Privacy Practices

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED, AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

North Seattle Pediatrics respects your privacy. We understand that your personal health information is very sensitive. The law protects the privacy of the health information we create and obtain in providing care and services to you. Your protected health information includes your symptoms, test results, diagnoses, treatment, health information from other providers, and billing and payment information relating to these services.

We will not use or disclose your health information to others without your authorization, except as described in this Notice, or as required by law.

1. Your health information rights.

The health and billing records we create and store are the property of **North Seattle Pediatrics.** The protected health information in it, however, generally belongs to you. You have a right to:

- Receive, read, and ask questions about this Notice.
- Ask us to restrict certain uses and disclosures. You must deliver this request in writing to us. We are not required to grant the request unless the request is to restrict disclosure of your protected health information to a health plan for payment or health care operations and the protected health information is about an item or service for which you paid in full directly.
- Request and receive from us a paper copy of the most current Notice of Privacy Practices ("Notice").
- Request that you be allowed to see and get a copy of your protected health information. You may make this request in writing. We have a form available for this type of request.
- Have us review a denial of access to your health information—except in certain circumstances.
- Ask us to change your health information that is inaccurate or incomplete. You may give us this request in writing. You may write a statement of disagreement if your request is denied. It will be stored in your medical record, and included with any release of your records.
- When you request, we will give you a list of certain disclosures of your health information. The list will not include disclosures for treatment, payment, or health care operations. You may receive this information without charge once every 12 months. We will notify you of the cost involved if you request this information more than once in 12 months.
- Ask that your health information be given to you by another confidential means of communication or at another location. Please sign, date, and give us your request in writing.
- Cancel prior authorizations to use or disclose health information by giving us a written revocation. Your revocation does not affect information that has already been released. It also does not affect any action taken before we receive the revocation. Sometimes, you cannot cancel an authorization if its purpose was to obtain insurance.

For help with these rights during normal business hours, please contact:

Shirley Wirkala, Clinic Administrator
206-368-6079

2. Our responsibilities.

We are required to:

- Keep your protected health information private.
- Give you this Notice.

- Notify you if we become aware of a breach of your unsecured protected health information.

We reserve the right to change our privacy practices and the terms of this Notice, and to make the new privacy practices and notice provisions effective for all of the protected health information we maintain. If we make material changes, we will update and make available to you the revised Notice upon request. You may receive the most recent copy of this Notice by calling and asking for it, by visiting our **office** to pick one up, or by visiting our Web site, if we maintain one.

We respect your right to file a complaint with us or with the OCR. If you complain, we will not retaliate against you.

4. How we may use and disclose your protected health information.

Under the law, we may use or disclose your protected health information under certain circumstances without your permission. The following categories describe the different ways we may use and disclose your protected health information without your permission. For each category, we will explain what we mean and give some examples. Not every use or disclosure in a category will be listed. However, all of the ways we are permitted to use and disclose health information will fall within one of the categories.

Below are examples of uses and disclosures of protected health information for treatment, payment, and health care operations.

For treatment:

- We may also provide information to health care providers outside our practice who are providing you care or for a referral. This will help them stay informed about your care.

For payment:

- We request payment from your health insurance plan. Health plans need information from us about your medical care. Information provided to health plans may include your diagnoses, procedures performed, or recommended care.

  - Audit functions, including fraud and abuse detection and compliance programs

For fund-raising communications:

- We may use certain demographic information and other health care service and health insurance status information about you to contact you to raise funds. If we contact you for fund-raising, we will also provide you with a way to opt out of receiving fund-raising requests in the future.

Examples include billing services, accountants, and others who perform health care operations for us.
- **Notification of family and others**: Unless you object, we may release health information about you to a friend or family member who is involved in your medical care. We may also give information to someone who helps pay for your care. We may tell your family or friends your condition and that you are in a hospital.

We also may disclose protected health information for work-related conditions that could affect employee health; for example, an employer may ask us to assess health risks on a job site.
